Date Placed:				Date given to GMD Supt.:				

Revised: January 27, 2016

GUIDELINES FOR RECYCLING CORRUGATED CARDBOARD

CORRUGATED CARDBOARD is easily identified by the ribbed section sandwiched between two flat layers of paper. To recycle corrugated cardboard, remove all packing materials and **flatten boxes**. Incidental tape, staples, etc. do not need to be removed.

DO NOT RECYCLE THE FOLLOWING:

Gray or Brown Paperboard: Paperboard is commonly found in cereal boxes, shoe boxes or office supply boxes. This is a thick, single layer material that **cannot** be recycled with corrugated cardboard. Paperboard may be recycled with mixed paper.

Waxed Corrugated Cardboard: Waxed corrugated cardboard, commonly used for shipping fruits and vegetables, **cannot** be recycled in our program. Please place waxed cardboard with refuse.

Glossy Corrugated Cardboard: Corrugated cardboard with a glossy coating advertising the product **cannot** be recycled in our program. Glossy corrugated cardboard must be placed with refuse.

Other Paper Products: **Do not** recycle other paper products such as newspaper, magazines or office paper with corrugated cardboard. Please bag or bundle mixed paper and place in Abitibi bins located throughout town.

Contaminated cardboard dumpsters will be billed at the following rates:

Dumpster Size	Per Service
2	\$ 15.98
4	\$ 26.78
6	\$ 37.58
8	\$ 46.66

Thank you for your cooperation!
