

Press Release **Brush Collection**

The City of Oberlin would like to take this opportunity to announce brush collection.

This is a special collection and the City will only be collecting brush from March 11th through March 15th.

Brush shall be cut to lengths no longer than six feet (6') and shall be neatly stacked (same direction) at the curb. Limbs larger than six inches (6") in diameter shall not be placed for city collection. Brush shall be free of wire, metal, stone, nails, rope, or other foreign materials.

Japanese Knotweed (looks like bamboo), stumps, brush with root balls, limbs larger than six inches in diameter, unstacked brush, grape vines, rose bushes, and non-woody yard waste will not be collected by the City.

We appreciate your cooperation in following these guidelines. Recovery of these organic materials helps to keep excess nutrients out of our watershed, reduces the potential for algae growth and ensures higher quality aquatic habitat.

During brush collection, wood chips may be delivered free of charge to Oberlin residents. Call 775-7218 for more information.

ALL BRUSH MUST BE PLACED OUT ON CURB NO LATER THAN SUNDAY, MARCH 10, 2019

Anyone placing brush on curb lawn at unauthorized times may be subject to enforcement action!
