

Oberlin City Schools Community:

On April 20, 2020, Governor DeWine extended district online educational options until the end of the school year, June 2, 2020, due to the COVID-19 pandemic. We understand the challenges for parents and students with online educational options, but we must keep in mind that student safety comes first. I want to thank all of you for your hard work and cooperation throughout this pandemic and online educational support.

The district will prepare additional online learning opportunities for students and families. The materials will cover from May 1 to June 2, 2020. We want to encourage the use of Google Classroom for students in grades PreK-12. Google Classroom will provide students with a method of submitting assignments and allow timely feedback from teachers. Staff members are utilizing Zoom, Google Meet, and other internet-based instructional programs to provide academic support. The district will provide hard copies of Google Classroom assignments upon request. Parents will have to contact your student's principal or teacher. Online instructional materials are available on May 1, 2020. Please visit <https://www.oberlinschools.net/student-packets-distance-learning> or access your student's Google Classroom account.

Building Administrators

Eastwood: mbaker@oberlinschools.net

Prospect: jeibel@oberlinschools.net

Langston: shicks@oberlinschools.net

Oberlin High School: cfrank@oberlinschools.net / cbigio@oberlinschools.net

Parents can pick up requested hard copies of Google Classroom assignments and drop off completed assignments on May 4 and May 7 from 1:00 to 5:00 at your student's school.

We understand that technology access is difficult for many families. The district has received funds to provide FREE technology access for our students. Technology access includes computers and the internet. If you require technology, please contact Mr. Steve Nielsen at 440-776-4699.

We will continue the district **FREE** PreK-12 Breakfast and Lunch program at Eastwood Elementary, Prospect Elementary, Mt. Zion, and Dollar General until the end of the school year. We want to encourage all of our families to participate in the program. Please visit www.oberlinschools.net for additional information.

The district just received the news this week regarding the continued school closure. So, we are still working on the academic, athletic, and extra-curricular details for students. We will keep you informed as we move forward and find solutions. Stay safe and healthy.

Sincerely,
Dr. David Hall
Superintendent
